

Artist, Painter, Muralist, creator

Working with Cindy

Clients appreciate the personal touch that Cindy brings to each project because she loves what she does and it shows. You'll find that she is very accommodating to meet your needs for scheduling, quality and professionalism.

About the Murals

Cindy is known for her vibrant colors. This comes from using only the best professional artist's acrylic paints. If you view the gallery, you will see the detail contained in each mural. If the mural is painted on canvas, Cindy will select from a number of fine canvases to choose the best one for the job. Murals can be painted directly on any surface, preferably smooth or with a light texture.

The Mural Process

It all starts with an idea. Cindy works with you to create a design that you will love and can work within the allotted budget. From there, she will provide a final concept image for you to sign off with. Once the project is started, Cindy will provide a work in progress blog page which offers regular updates so you can see your piece come to life!

The next step is to decide if the mural should be painted directly on the wall or on canvas and applied to the wall (like wallpaper, but much stronger). The main advantage of painting on canvas is that the work is done in Cindy's studio and not on site. This keeps your home or workplace operating as usual.

Murals can then be installed by a qualified wallpaper hanger of your choice with Cindy overseeing the installation.

Pricing

We can price your mural two ways, by the project or by the square foot. A larger mural should be priced by the project so that you can adhere to a strict budget. Pricing can also be calculated on a square-foot basis for as little as \$35 per SF to as high as \$100 per SF. For example, a 6'x6' mural could take about a week to paint depending upon the detail required and cost under \$1500. A 50% deposit is required for all mural projects.

Travel costs such as airfare (from Omaha, NE) and accommodations are extra if required. Additionally, a \$200 travel fee is charged.

If your mural is painted on canvas, additional fees will apply to the material, shipping and installation.
